EDUCATION

Bachelor of Computer Science

City University of Science and Information Technology

11/2022 - Present

3.4/5

SKILLS

Cloud Computing (GCP)

Feature Engineering & Data Preprocessing

Financial Domain Knowledge

MLOPs

Model Optimization & Hyperparameter Tuning

Neural Networks (CNNs, RNNs, Transformers)

Scikit-learn, TensorFlow, PyTorch

SQL & NoSQL Databases

Strong Mathematical & Analytical Thinking

Supervised & Unsupervised Learning

CERTIFICATES

Machine Learning Specialization by IBM (01/2025 - 02/2025)

Machine Learning Specialization offered by IBM through coursera comprised of 6 courses

Associate Data Scientist Track (11/2024 - 01/2025)

Completed Associate Data Scientist Track on Data Camp

Machine Learning Specialization by Andrew Ng (11/2024 - 01/2025)

Machine Learning Specialization by Andrew Ng (Stanford and DeepLearning.AI) offered through coursera

Artificial Intelligence (04/2025 - 09/2024)

Course certification under by NAVTTC PM Youth Development Program Govt. Pakistan

LANGUAGES

English

Full Professional Proficiency

Pushto

Native or Bilingual Proficiency

Urdu

Full Professional Proficiency

INTERESTS

Reading Mathematics and ML Books

Working on AI and ML Projects

Working on Personal Development
